Bronagh Tiernan-Doyle

Senior Full-Stack Engineer

bronagh.tiernandoyle@example.org · Cork, Ireland

SUMMARY

Senior engineer with eleven years of experience across Django backends and React frontends, mostly in healthcare analytics. I like measured delivery, thoughtful code review and software that clinicians actually enjoy using. I enjoy mentoring, writing clear documentation and visiting hospital wards to watch how the software is actually used. I enjoy collaborating with clinicians and data teams.

SKILLS

Python	Django	React
TypeScript	PostgreSQL	Celery
D3.js	pytest	Cypress
HL7 FHIR	Accessibility	Redux Toolkit
OpenAPI		

EXPERIENCE

Period	Position	Responsibilities
2017 – Present	**Senior Engineer** Lee Valley Health Insights	• Developed a clinical dashboard in React and D3 used by 3,000 nurses and consultants. • Built Django services that ingest HL7 FHIR messages from hospital systems, around 400k a day. • Reduced the nightly cohort calculation from five hours to forty minutes by rewriting queries and chunking work in Celery. • Drive the accessibility checklist for every new screen. • Mentor four engineers and chair the architecture review group for the platform.
2013 – 2017	**Software Developer** Munster Software Partners	• Created internal tools and customer portals in Django and jQuery. • Led the adoption of automated browser tests with Cypress. • Worked directly with customers to refine requirements. • Delivered a patient portal pilot with 12,000 users and a satisfaction score of 4.6 out of 5. • Wrote the team's code review guidelines.
2012 – 2013	**Graduate Developer** Atlantic Systems Group	• Maintained a reporting web app and wrote SQL for ad-hoc requests. • Learned to write defensive code against messy hospital data feeds. • Collaborated with data scientists to expose model scores through a documented API, with monitoring for data drift. • Set up automated accessibility checks that run on each pull request. • Gave regular demos to clinical stakeholders.

EDUCATION

2008 – 2012	BSc Computer Applications	University of Cork Coastal

LANGUAGES

English (native), Irish (C1)

CERTIFICATIONS

- Healthcare Interoperability Practitioner, Irish Health Informatics Society
- Advanced TypeScript, online course
