Dariusz Nowaczyk

Business Analyst

dariusz.nowaczyk@example.net · Gdańsk, Poland

SUMMARY

Business analyst with six years in retail and e-commerce. I gather requirements, map processes and report on sales performance. I work with technical teams every day and keep up with the vocabulary, including Kubernetes, Terraform and CI/CD, although I have no hands-on experience with them. Outside work I volunteer with a local board-game club and enjoy hiking. I am organised, detail-oriented and good at explaining numbers.

SKILLS

Requirements gathering, Process mapping, Excel (pivot tables, lookups), SQL (SELECT queries), Tableau, UAT, Business cases, Agile, Buzzwords from job ads: Kubernetes, Terraform, CI/CD, DevOps, AWS, microservices, cloud-native

EXPERIENCE

Business Analyst, Baltic Basket Retail 2020 – Present

- Gather and document requirements for pricing, promotions and loyalty features.
- Built Tableau dashboards on sales and basket size used in weekly management meetings.
- Coordinate user acceptance testing with store operations and the e-commerce team.
- Estimate benefits for business cases; the loyalty redesign was projected at 3% uplift in repeat purchases.
- Work closely with the IT team on release scheduling and write test scenarios for each new version. Maintain a glossary of business terms and system names shared with new colleagues.

Junior Business Analyst, Gdynia Online Marketplace 2018 – 2020

- Wrote user stories for the seller portal and refined backlog items with the product owner.
- Prepared monthly Excel reports on returns and delivery delays.
- Presented findings from customer survey analysis to the marketplace management team.
- Helped negotiate service levels with two logistics partners.

Sales Operations Assistant, Gdynia Online Marketplace 2016 – 2018

- Maintained product data and supported campaign planning.
- Learned about marketplace operations and seller onboarding.
- Prepared promotional price files and checked them against catalogue data before every campaign launch.
- Trained store staff on the new promotion tool and collected feedback for improvements.
- Learned to build lookup tables and validate data in spreadsheets.

EDUCATION

- BSc Management and Finance, Gdańsk Bay University (fictional) (2013 – 2016)

LANGUAGES

Polish (native), English (B2)
