Declan Moriarty

Senior .NET Engineer

declan.moriarty@example.net · Dublin, Ireland

SUMMARY

Senior .NET engineer with fifteen years of experience in fintech and gaming back ends. I like domain modelling, event-driven systems and teaching others to write testable code. Delivery-focused, numbers-driven. I like systems that stay correct under heavy load, and I have a track record of leading small teams through risky rewrites. I mentor engineers and enjoy writing clear technical proposals.

SKILLS

C#, .NET, ASP.NET Core, SQL Server, Cosmos DB, RabbitMQ, MassTransit, Event-driven design, xUnit, Polly, Azure, Octopus Deploy, Technical leadership, Mentoring, Domain modelling

EXPERIENCE

Senior .NET Engineer, Liffey Gaming Platform — 2017 – Present

- Rebuilt the wallet service handling 1.2 billion bets a year; zero reconciliation errors in 18 months, while working closely with traders, compliance and customer support to keep rules consistent, auditable and easy to explain to regulators in each licensed market.
- Adopted MassTransit sagas for multi-step payouts, reducing manual interventions by 80%.
- Cut build time from 40 to 12 minutes by splitting solutions.
- Release management done with Octopus Deploy alongside the operations team.
- Mentor four engineers and lead the interview process for .NET roles.

Software Engineer, Emerald Trading Tech — 2011 – 2017

- Developed .NET order management for retail brokers, including a major platform migration that we completed over a single weekend with a staged rollout and a rehearsed rollback plan.
- Moved batch processes to message queues.
- Introduced unit testing practices.
- Led the rewrite of the order management system, which processed over 50,000 orders a day.
- Designed an audit trail meeting regulatory reporting requirements.

Developer, Celtic Business Software — 2009 – 2011

- Built WinForms and ASP.NET Web Forms applications.
- Delivered training sessions on object-oriented design for new graduates.
- Maintained customer portals and fixed defects.
- Learned object-oriented design, database programming and customer communication.
- Took part in on-site installations and trained users.

EDUCATION

- BSc Computer Applications, Dublin Institute of Computing (2005 – 2009)

LANGUAGES

English (native), Irish (B1)

CERTIFICATIONS

- Microsoft Certified: Azure Developer Associate
