Fredrik Lindqvist-Oyelaran

Full-Stack Developer (Vue / Laravel)

fredrik.oyelaran@example.net · Gothenburg, Sweden

SUMMARY

Developer with six years of experience building web applications for non-profits and public bodies. Pragmatic with frameworks, fond of server-side rendering where it fits, and careful about data privacy. I like boring, maintainable stacks and I write short guides so that the next person can take over a project without a long handover. I enjoy working with small teams and direct customer contact.

SKILLS

PHP, Laravel, Vue.js, Inertia.js, Tailwind CSS, MySQL, Redis, PHPUnit, Playwright, Laravel Forge, GDPR, Pest, MariaDB

EXPERIENCE

Full-Stack Developer, Nordhavn Digital 2020 – Present

- Build donation and volunteer-management platforms in Laravel and Vue for six charities.
- Implemented GDPR tooling for consent records, data export and erasure requests.
- Cut checkout abandonment by 18% after redesigning the payment flow with Tailwind components.
- Write Playwright tests for critical journeys.
- Mentor an apprentice and give monthly talks on privacy by design.

Web Developer, Västra Webbyrå 2017 – 2020

- Delivered Laravel sites and small APIs for municipal clients.
- Built reusable Vue components and a shared style guide.
- Provided second-line support for hosted customers.
- Moved a legacy jQuery site to Vue components over six months while keeping the editors productive.
- Wrote clear handover documentation for every project.

Junior Web Developer, Kungsbacka Interactive 2015 – 2017

- Built WordPress themes and small PHP plugins for local businesses.
- Learned Git, deployment by SFTP and later automated releases.
- Answered client support emails and fixed layout issues across browsers.
- Worked directly with charity staff to simplify their workflows, running short interviews and testing prototypes.
- Set up automated backups and monitoring checks for hosted clients.

EDUCATION

- BSc Computer Science, Gothenburg University of Applied Technology (2014 – 2017)

LANGUAGES

Swedish (native), English (C1), Yoruba (B1)

CERTIFICATIONS

- Privacy and Data Protection Practitioner, Nordic Privacy Institute
- Advanced Laravel Workshop
